Certificate in Safety and Health Officer

Panel of Trainers

Tuan Haji Mohd Ghouse Abdullah

Tuan Haji Mohd Ghouse Abdullah served at DOSH for the past twenty over years and held various responsibilities as an Investigator, Advisor, Senior Inspector and Prosecutor on matters relating to Occupational Safety and Health. In addition to this, he served as a trainer where he conducted training courses on Occupational Safety and Health to government agencies such as National Institute of Occupational Safety and Health (NIOSH) and the private sector.

After his early retirement from DOSH, he joined NIOSH as a full time OSH trainer. He also served as an examiner for Safety and Health Officer Course since 1996. Tuan Haji is currently running his own OSH Constancy firm.

Dr Low Ah Tee

Low Ah Tee served in the Royal Malaysian Air Force (RMAF) for over two decades as an electrical engineering officer. He was the aircraft accident investigator for the RMAF for a five years period. He was the Safety and Training Manager of Airod Sdn Bhd for 12 years. During this period he was instrumental in setting up the company safety and training department. As a Safety Manager, he designed and managed safety programmes as well as carrying out accident/incident investigations. He was also the chairman of the safety and health committee.

Low also holds a BA with distinction in Health and Safety Management from Robert Gordon University UK. He is also a B SC holder from Embry Riddle Aeronautical University (US) and has a MBA from RMIT University (Australia). He has given safety lectures and training sessions to private and public bodies and NGO's (such as FMM, MSOSH, Rotary Club and IEM). Low completed his doctoral programme with a local university and received his Doctorate in August 2007.

Certificate in Safety and Health Officer
